The attached reflects edits received from Tim Landers (OWOW), Tim Vendlinski, and Erin Foresman, plus a little bit of editing on my part to say a few things a tad more concisely. Where more than one person edited the same text, I either hybridized their edits or chose the one that seemed to me to either make the most sense or read most clearly. I'm attaching a mark-up, as well as the clean version, so you can see what has changed since the last version.
